## Refreshments

In order to *keep the cost to everyone low* for this event we ask that everyone bring a small snack or sweet that can be shared. The studio will provide the drinks, plates and utensils.

We like to allow for time after performing for socialization. We encourage you to go up to a musician that you do not know and tell them what you thought of their playing. For some of the students it's their first time!

We also like to let the musicians meet; due to the private nature of the lessons they sometimes do not get to see each other and we would like to encourage the support of their peers in their musical endeavors so please,

Don't rush off, take your coat off and stay awhile!

## Etiquette

We will be videoing the event and if you would like a DVD orders will be taken that night for a copy.

We do however, allow you to record or photo the event the only rules we have on that are:

NO TRIPODS

NO FLASHES

NO LARGE EQUIPMENT

Just be courteous to the event and fellow attendees

### REMEMBER

Loud shouting, cheering, doing the *WAVE*, standing, dancing, and general mayhem in the encouragement of the musicians is
